About ECE Department

Aditya Institute of Technology and Management established the department of Electronics and Communication Engineering (ECE) in 2001 with an initial intake of 60 students and got approval for additional intake of another 60 seats in 2009-10 and further enhanced by 60 seats in 2012-13. A Post graduate program (M. Tech) in ECE in the specialization VLSI System design was introduced in 2008-09 with an intake of 18 seats and a specialization DECS was granted with an intake of 18 seats in 2011-12. The Department of ECE was accredited by National Board of Accreditation twice in 2009-10 and 2013-14. Both the B. Tech and M. Tech programs were duly approved by the AICTE and Govt. of A.P. and permanently affiliated to JNTUK. The department of ECE is leaping forward with strength by strength over the years. Department have several research projects supported by DST, DLRL and UGC. This department consists of 4 Professors, 13 Associate Professors, 25 Assistant Professors.

Objective of the FDP

The purpose of the workshop is to provide an open forum focused on Recent Trends in Communication for Multi field Applications such as radar communication, missile/space craft tracking, remote sensing, submarine communication, GPS, GSM, Data fusion, wireless communication etc. It will provide an overview of the state of the art, highlighting the latest developments in this domain and to explore innovative approaches in the area. Eminent Scientists, Academia elites and Industrial representatives share their research based ideas in these specific fields. Participants will have the opportunity to share their technical expertise, gain rich knowledge by various lectures and informal discussions. It is the platform for the exchange of information and ideas on the progress of research and development in innovative communication technology.
