Date : 15.02.17

Dear Sir/Madam,

Greetings from Computer Society of India, Visakhapatnam Chapter!

India is digitally marching ahead by improving digital infrastructure, providing digital services and empowering its citizens digitally. Visakhapatnam, one of the fastest growing cities, is chosen to be developed as a Smart City and IT hub of Andhra Pradesh. We are standing at a crucial juncture which throws open both challenges and opportunities to leverage Information and Communications Technology for a better tomorrow.

I am happy to inform you that Computer Society of India (CSI), Visakhapatnam Chapter is organizing an International Conference, **DIGITS-2017, Digital India in Global IT Spectrum, "Innovate, Integrate and Transform"** at The Gateway Hotel, Visakhapatnam during 24th to 25th February 2017. The forum will provide an excellent opportunity to Speakers and Delegates from Academia, Government organizations, NGOs, MNCs and Industries from India and Abroad for sharing ideas and exchanging knowledge on the latest in the field of ICT.

CSI is a Non-profitable Organization which facilitates the digital revolution by taking care of the interest of all the Computer users. I sincerely request you to participate in a big way in **DIGITS-2017** by way of Sponsorship and nomination of Delegates for the Conference. The details of sponsorship and delegate fees can be found in the brochure. Your participation will go a long way in making the event a grand success. A line in confirmation will be highly appreciated.
