About the Conference..

We are proud to announce 7th International Conference on Innovations in Big data, Cyber Security and Bioinformatics & Bio technology (IBCB) jointly organized by Jawaharlal Nehru Technological University Kakinada & Institute of Bioinformatics and Computational Biology (IBCB) at JNTUK, Kakinada, Andhra Pradesh, India on 28th December, 2021. We encourage researchers from around the world to submit their best basic and applied work in cognitive science and medical/Artificial Intelligence, and to attend in order to discuss the latest theories and data from the scientists of cognitive science and medical informatics.

The main objective of the Conference is to bring together researchers which include machine learning experts and doctors on a common platform. It focuses on applying machine learning methods that interrogate high dimensional data to understand cognitive function and processing speed in outcome prediction. Hence, we cordially invite you to join us, to share and gain the knowledge of recent developments in the fields of Cognitive Science and Artificial Intelligence.
