CIRCULAR

Sub: Registration of faculty and Students of all colleges affiliated to JNTUK and List of subject experts for E-Content development in Excel format by Autonomous colleges and Colleges permanently affiliated to JNTUK Kakinada

Ref: Online Meeting with Autonomous Colleges and colleges permanently affiliated to JNTUK Kakinada Tuesday 19 April 2022

With reference to the above, principals of colleges affiliated to JNTUK Kakinada may note the following and send the information sought by 22-04-2022:

E-Content Development by colleges:

Many Government and reputed private organizations are developing E-content of several courses exemplified by NPTEL. However, APSICHE wishes to translate NPTEL programs to Telugu and also develop E-content for all the subjects for the benefit of students of entire state. For NPTEL, true translation is not expected. Subtitles and additional content in Telugu are required.

We are all very fortunate that JNTUK has taken up this task and Hon'ble Vice Chancellor JNTUK Kakinada Prof GVR Prasada Raju has issued orders to pay Honorarium also to the experts. All autonomous colleges and colleges permanently affiliated to JNTUK are requested to give the list of experts and subjects handled at the earliest but **not later than 22 April '22 in an excel sheet (sent separately)**

A subject can be handled by a team of faculty which may or may not include faculty from other colleges or university. Logistics must be provided by the college only and the name of the faculty, name of the college, JNTUK and APSICHE will be appearing in the video. 5 to 10 minute concept based videos exemplified by Newton's Laws or Archimedes principle or Bernoulli's theorem also are welcome.

The faculty should give an undertaking that the content developed by him/her and the resources which were included in the video are free from copyright issues to avoid Copyright infringement. However you can also develop the content using free resources under Creative commons license (eg CC BY-SA is also an open license. The letters SA (share alike) indicate that the adjusted work should be shared under the same reuse rights, so with the same CC license. NC (non-commercial use) and ND (no derivative works) are conditions that make the CC licenses more restrictive and thus less open (visit www.oercommons.org for

further details). Once the recorded video is submitted, faculty or college have no rights on the content. The videos will be uploaded in the web site by APSICHE as and when they are ready topic wise or unit wise. The signature slides and the scrolling of some important aspects and final editing will be done by APSICHE. Total duration per subject should be 4 to 8 hours per unit. Each subject has 5 units. Any technical assistance like , on editing of audio, video, using FOSS (Free Open Source Software) Tools if needed, will be provided by the University with the help of APSICHE. Please use this life time opportunity for the society at large. It will make you eternal. Your knowledge will be used by the entire state for the decades to come.

Registration in APSICHE LMS Portal by each and every Faculty and Student of colleges affiliated to JNTUK Kakinada:

Principals of all colleges affiliated to JNTUK are requested to motivate students and see that each and every faculty and student from 3-1 to 4-2 registers in APSICHE LMS Portal. As AICTE with a National Educational Alliance for Technology (NEAT) is a one stop portal for quality digital teaching solutions/products in education. These products help students develop skills that have a high demand among employers. Many of the Products are Intelligent and give a personalized learning experience to students. The initiative provides the use of best developed technological solutions in the education sector to enhance the employability of the youth on a single platform for learners' convenience, using Artificial Intelligence for a personalized and customized learning experience for better learning outcomes and skill development in the niche areas like AI, Python, Cloud, data analytics, cyber security, DevOps, Big data, Accounting and finance, CAD, IoT category. In this context, APSICHE opened registrations to students for the NEAT Certificate courses on the APSICHE LMS portal. Hence it is requested to the concerned to instruct all the eligible students to apply for a free Certificate Course. User Manual: https://youtube/Ep_HBQ_ErmU

Students should be aware of the fact that about 150,000 Internship programs in various fields are offered in the Portal at free of cost. Some of the courses that cost Rs 10000 each in open market are available in this portal free of cost. SC/ST/BC/EWS students can get NEAT coupons for pursuing Certificate courses at Free of Cost, as an encouragement by the Government. The scheme includes free seats for existing students of higher education from weaker sections of society. Colleges may send a report on Number of students registered in APSICHE LMS portal on or before 22-04-22.
