Placement & Higher Studies

Program(s) offered by your institution are as follows (As per your selection in sanctioned (approved) intake)

Important Notes:

- Median Salary per annum should be entered.
- To calculate median salary of placed graduates, arrange the salaries of placed graduates in order from smallest to largest value. If there is an odd number of salaries of placed graduates, the median is the middle value. If there is an even number of salaries of placed graduates, the median is the average of the two middle values.
- For example, if 100 students were placed, arrange all 100 students' salaries from smallest to largest and find the middle value. This is the median salary of the placed graduates for the respective year.
- For more clarity, please read data definitions available on home page.
- Enter value(s) in all the field(s):If not applicable enter zero[0]
